Additional Information (please read carefully)

1. You will receive your water bill in the mail as always.

After you sign up for the service the first bill you receive may not be deducted from your account. Your bank information must first be verified. What this means is that the information received from you must first be cross referenced with the bank to confirm its accuracy and the ACH debit will occur with your next billing.

3. Once the automatic debit is set up your bill will have "DO NOT PAY BILL. Funds will be deducted on or near the due date" printed on the stub.
